

Closing Session:

*Wrapping up IATI's first Virtual Community Exchange
(starts at 13:45 GMT)*

Moderator

Annelise Parr
*IATI Secretariat Coordinator
(UNDP)*

A few final thoughts...

From TAG to VCE

- **IATI Strategic Plan**
 - Improving quality of IATI data
 - Promoting the use of IATI data
 - Strengthening IATI's data Standard and its community

Bridging the Gaps

Some takeaways from today's sessions

CanWaCH

Development Initiatives

Data Publishing / Use

Technical Core

Staying engaged with IATI

- **Join our online community platform, *IATI Connect* (www.iaticonnect.org)!**
 - From next week, find presentations and recordings of all of today's sessions.
 - 'Newbies' group for anyone who wants a little extra information or support.
- **Fill out the feedback survey on our first Virtual Community Exchange** (check your e-mail in the next few days!).
- **Join us for the next Virtual Community Exchange in late 2021!**
 - Call for session proposals in the third quarter of 2021, so start thinking about sessions you might want to host at the next VCE!
- **Contact us at the Secretariat** with any questions at info@iatistandard.org.

The image features a central graphic of a network diagram. A large, light gray octagon is centered on the page, containing the text "THANK YOU!" in a bold, dark blue, sans-serif font. The octagon is filled with a complex web of thin, light gray lines connecting various nodes. These nodes are represented by small, colorful circles (red, blue, green, purple, black) with concentric circles around them, suggesting signal or activity. The background consists of several large, overlapping, light gray curved bands that create a sense of depth and movement. In the corners, there are additional network diagrams with nodes and connecting lines, mirroring the central theme of connectivity.

**THANK
YOU!**
