

Opening Session:

*Transparency, open data and the IATI
community in the era of the SDGs and COVID-19*

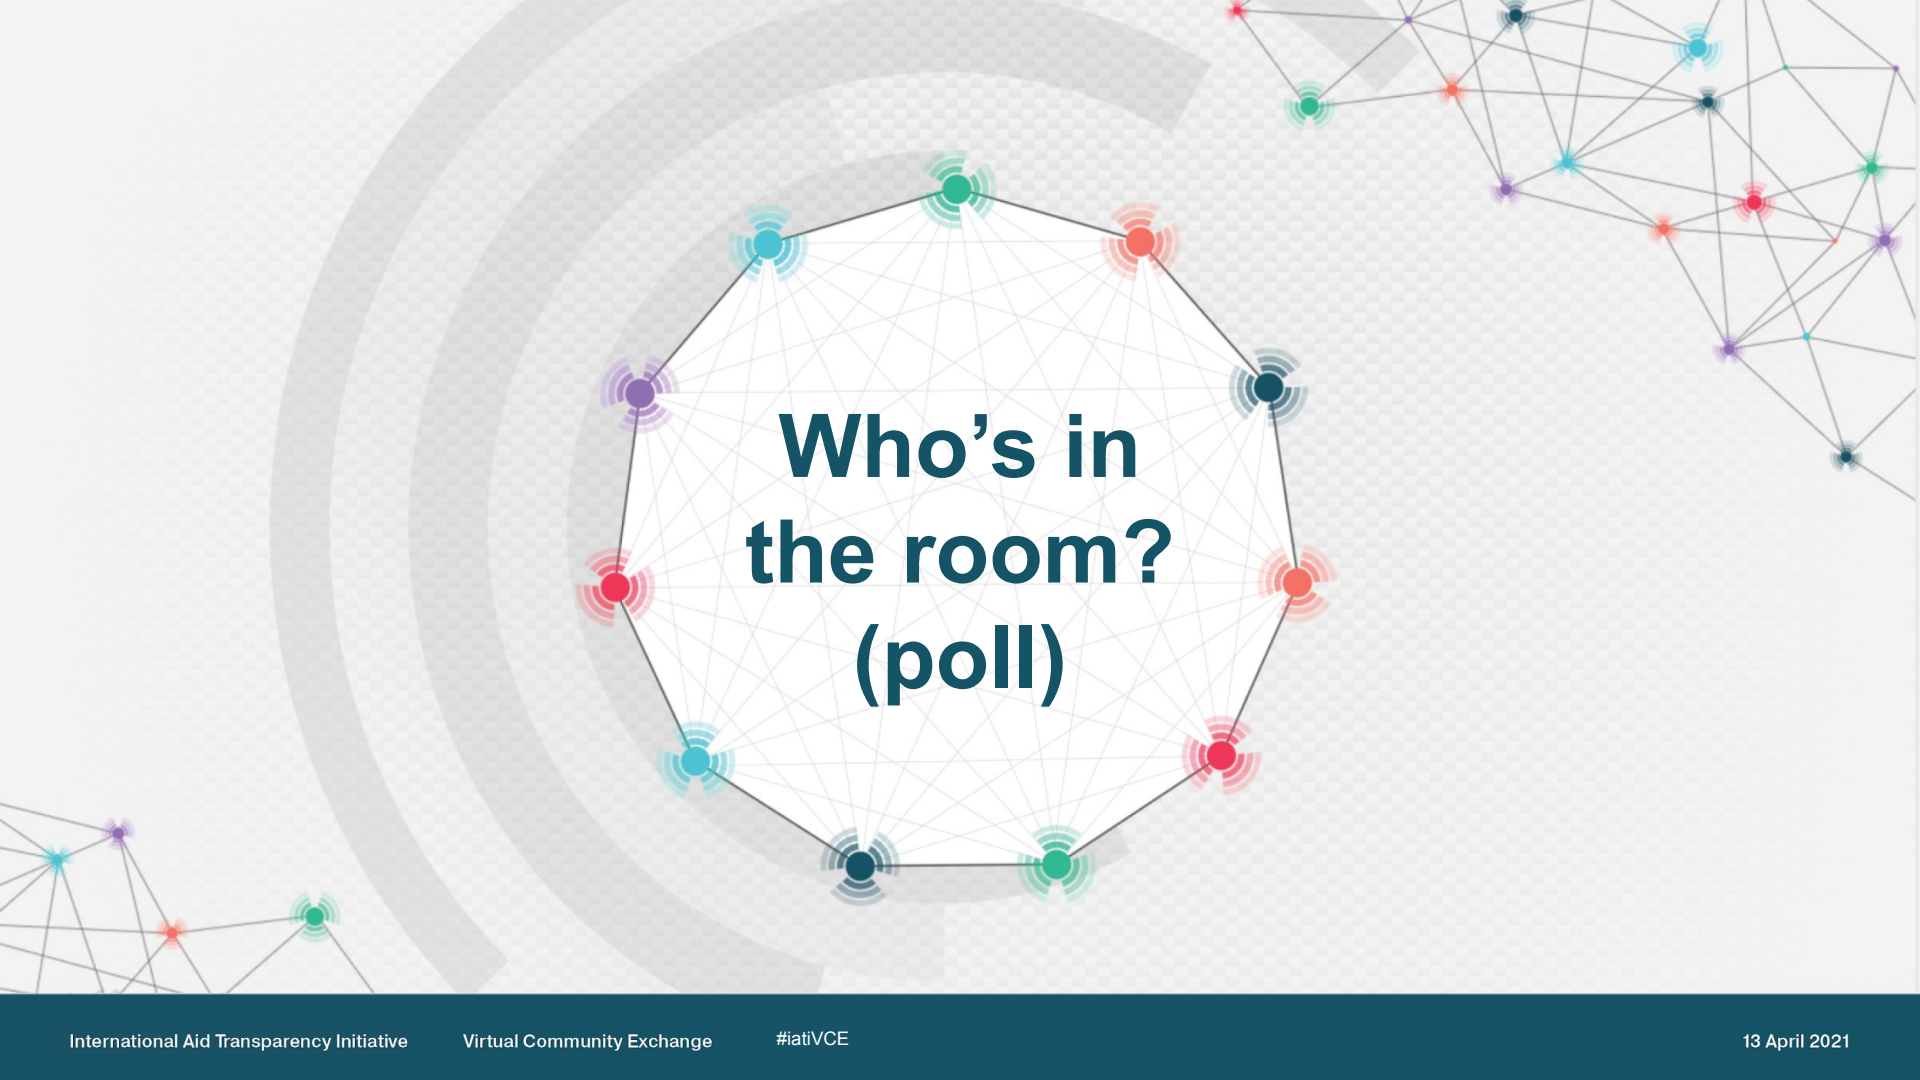

Moderator

Josh Powell
CEO, Development Gateway

The background features a network diagram. A central octagon is formed by nodes connected by lines, with each node having a multi-colored concentric circle around it. To the right, a larger, more complex network of nodes and lines extends towards the top right corner. The text is centered within the octagon.

Who's in the room? (poll)

Keynote speaker

Jenna Slotin

Senior Director of Policy and Strategy,
Global Partnership for Sustainable
Development Data

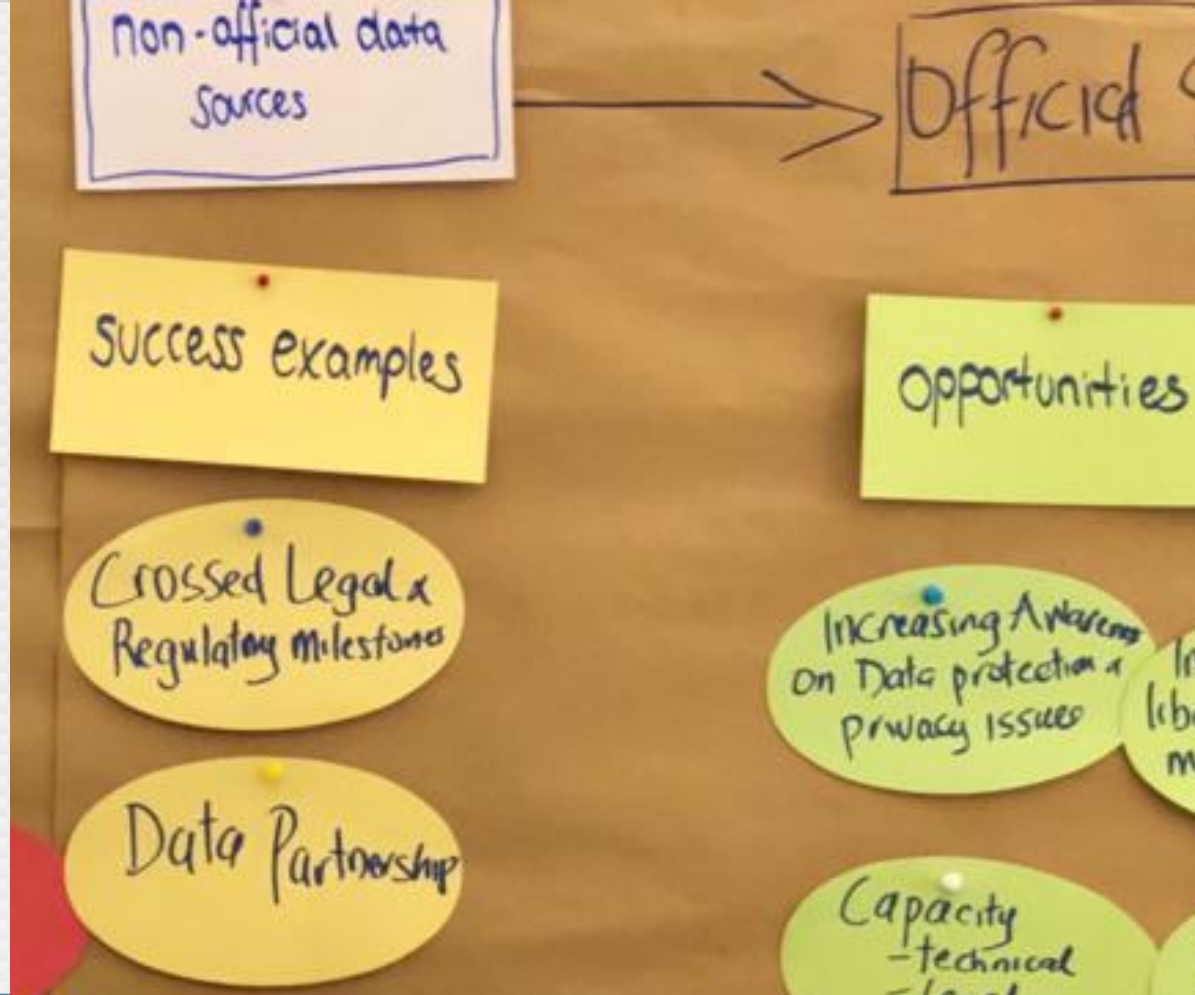

People are
experiencing the
value of data like
never before.

COVID-19 is
forcing us to
confront our core
values.

We're building an ecosystem, so let's get the values right.

IATI - Bringing the
value of data and
core values
together.

Keynote speaker

Cheri Leigh-Erasmus

*Director of Global Learning,
Accountability Lab*
